

The Flood is Over.
What do you do now?

Be Careful Outdoors

Follow these simple steps to keep from being hurt.

Stay away from power lines in your yard. They can hurt you.

Do not play around puddles, rivers and streams.

Stay away from stray dogs, cats, snakes or other wild animals. They may bite you.

Have an adult put bug spray on you so you don't get bug bites.

Do not touch dead animals.

Wash your hands with soap and water often.
